Referral Program

Invite friends, earn real money. Every month. Forever.

UniqueApp is the only platform where ordinary users can earn real money simply by inviting friends. No marketing tricks — a transparent system that pays a fixed EUR reward for every active sign-up through your code. The more friends you bring in, the higher tier you reach and the higher the reward per next referral. Payouts go directly to your bank account through Stripe Connect.

How it works

1. Open the Referral section in the app and grab your unique code.
2. Share the code via WhatsApp, Telegram, email, or social media in one click.
3. When a friend signs up with your code and activates Premium, you receive your reward automatically.
4. Earnings stack in your dashboard and pay out from €20 upward.

Tier system

BRONZE (0+ referrals): €5 per friend
SILVER (5+ referrals): €7 per friend
GOLD (20+ referrals): €10 per friend
DIAMOND (50+ referrals): €15 per friend

Tier upgrades automatically the moment you cross the threshold. Past payouts are not retroactively recalculated — new amounts apply to subsequent sign-ups only.

Realistic example

You bring in 30 active friends:

- First 5 (Bronze): $5 \times €5 = €25$
- Next 15 (Silver): $15 \times €7 = €105$
- Last 10 (Gold): $10 \times €10 = €100$

TOTAL: €230 for 30 people.

And that is only the one-time activation reward. Retention bonuses for kept subscriptions arrive monthly.

Recurring bonus

On top of the one-off payout, you also receive 10% of every monthly subscription fee from your referral — for as long as they remain Premium. With 50 active referrals each paying €9.99/month, your passive income is $50 \times €0.99 = €49.50$ /month just from the recurring bonus. Add one-off rewards plus leaderboard prizes and you have a steady side income.

Leaderboard & prizes

Monthly TOP 10 referrers split an extra €1,000 prize pool:
1st: €400 • 2nd: €250 • 3rd: €150
4th–10th: share €200

Additional perks: lifetime Premium for the TOP 3, an exclusive Diamond Ambassador badge, access to a closed Discord community of top affiliates.

Safety & payouts

We detect fake accounts, self-invitations, and fraudulent registrations. Only unique verified accounts count. Payouts via Stripe Connect direct to your bank (EUR, USD, GBP). Tax statements generated automatically. Minimum payout €20, no fees. Disbursements run on the 1st of each month.
