SOCIAL

Wall

Your personal feed for sharing moments, photos, videos and thoughts. Follow friends, react to posts and grow a community around your passions. The algorithm doesn't push ads — it shows what truly matters to you. Fully GDPR-compliant with zero off-platform tracking. Granular privacy controls: choose who sees what, down to the smallest detail. Simple filters against hate and toxic content. No infinite scroll trap — set a daily limit if you wish. Your content, your rules, your network.

SOCIAL

Messenger

End-to-end encrypted messenger for chat, calls and video in real time. Send voice notes, photos, videos and large files with no limits. Group conversations up to 250 people with advanced moderation. Nobody but you and the recipient reads your messages — encryption is the default. Disappearing messages with a timer for sensitive info. Built-in translator across 30 languages right in chat. Control with gestures, voice or classic typing. Zero ads, zero content scanning, zero compromises.

SOCIAL

Megaforum

Discussion forum for creative ideas, debates and community topics. Start threads, vote on the best answers and earn reputation. Topics span dozens of categories — from technology to art. The most active contributors earn badges and monthly cash rewards. Advanced real-time AI moderation keeps trolls and spam away. Verified experts marked with a blue shield. Deep search finds 5-year-old discussions in a second. Build a name that opens doors in the real world too.

SOCIAL

Short Videos

Create and watch short viral videos with the in-app AI editor. Add effects, music, captions and publish with a single tap. The algorithm helps new creators reach audiences — no ads required. Top videos of the week earn cash prizes. AI auto-captions in 30 languages open your content to all of Europe. Green screen, transitions and beat-sync effects for free. Track audience stats in real time. No content theft — watermarks and copyright detection protect creators.

EARN

Megatalent

Europe's largest monthly talent contest with a €100,000 prize pool. Sing, dance, code, draw — the jury is the community plus industry experts. The top 10 advance to a live-streamed final. The winner takes cash, a contract and millions of eyes. Each category has its own leaderboard and specialist jury. Entry is free — just upload a 60-second video. Sponsors and brands pick finalists for campaigns. From unknown talent to pro in a single month.

EARN

InfluKing

Become an influencer and monetize your content from your first follower. The platform pays you for views, likes and quality engagement. Brands can book you directly for collaborations. No platform cut beyond fees — your earnings stay yours. The InfluKing leaderboard surfaces top creators in every niche. AI suggests the best time and type of content for your audience. Stats on engagement, demographics and viral potential predictions. Monthly Stripe payouts straight to your bank — no waiting.

EARN

Jobs

EU-wide job board for full-time, part-time and remote positions. Filter by country, language, salary and skills in seconds. Apply directly through the app — no signing up on dozens of sites. Employers are verified and rated by workers. AI recommends roles tailored to your CV. Anonymous interviews protect against first-impression bias. Real-time notifications for new openings near you. EU-format CV templates, AI-translated into 24 languages.

EARN

Skills Marketplace

Sell or buy services from people worldwide — from design to translations. Set your own price, get paid automatically via Stripe. Ratings and portfolios help you land clients fast. Perfect for freelancers, students and companies. AI matching pairs clients with the best pros in seconds. Escrow protects both sides — funds release only on approval. Built-in chat, video calls and file sharing — no external tools. Commission is only 5 % — the lowest in the EU.

EARN

Lottery

Weekly draws with real cash prizes and luxury rewards. Tickets cost a few cents and your odds grow with in-app activity. Results are verifiable on-chain — zero fraud. A portion of proceeds funds charity projects across the EU. Special mega-jackpots once a month with a €1,000,000 prize pool. Auto-tickets for loyal players — never miss a draw. Live-streamed draw every Sunday evening. Full responsibility — play limits and self-exclusion are built in from day one.

AI STUDIO

AI Generation

Generate images, text and music with the latest AI models. Pick a style, type a prompt and get results in seconds. Commercial rights are included — sell or publish freely. The credit system is transparent and fair for creators. Supported models: GPT, Claude, Gemini, Flux, Stable Diffusion XL and more. Batch generation for campaigns and image series at once. Prompt history and favorite templates speed up your workflow. No training on your data — your creativity stays yours.

AI STUDIO

Future Face

AI shows what you'll look like in 10, 30 or 50 years. One selfie is enough for realistic future visualizations. Great for fun, healthy-lifestyle motivation and family memory albums. Your photos never leave your account. Compare scenarios: healthy vs. unhealthy life, smoker vs. non-smoker. A powerful tool for health prevention with a visual punch. Animated aging videos with smooth transitions. Share publicly or keep it private — your call.

AI STUDIO

Past Life

AI reconstruction of your possible past lives from a personality profile. Get a detailed story, period imagery and a location map. A creative toy and a great muse for writers and actors. Save results into a personal book of memories. Optional DNA integration for sharper historical links. Story narration in professional voiceover. A timeline of lives in a beautiful interactive visualization. Share with family or print as a gift.

AI STUDIO

Home Designer

Snap your room and AI redesigns it in your chosen style. Scandinavian, industrial, boho — every style in seconds. Get a shopping list with product links that fit. Pro-grade design without hiring an architect. 360° walk-through of the result right in your phone. Compare multiple styles side by side and pick the winner. AR mode places furniture in your real room before you buy. Share designs with family or a designer for approval.

AI STUDIO

Beauty Studio

Try on make-up, hairstyles and hair colors virtually — no salon visit needed. AI adapts results to your skin tone and face shape. Save favorite looks and show them to your stylist. Saves time, money and bad pre-event decisions. Thousands of styles inspired by celebrities and the latest trends. An AI advisor recommends colors that suit you best. Step-by-step tutorials for every look. Share results with friends and get their opinion before committing.

AI STUDIO

AI Tattoo

Generate a custom tattoo and preview it on your own body. AI places it accurately at real scale on your chosen spot. Pick a style — minimal, traditional, blackwork, realistic. Send the design straight to your tattoo studio with one click. Inspiration gallery from pro tattooists across Europe. Simulate how the tattoo will look in 5 and 20 years. Compare prices of studios near you. No regrets — think it through in 3D before the needle.

AI STUDIO

AI Clone

Build a digital twin that replies on your behalf. It speaks in your voice, uses your style and knows your opinions. Ideal for influencers, founders and busy people. You stay in control — turn it on only when you want. Different profiles for different contexts: work, family, fans. Audit log of every reply for full transparency. Your clone learns only from data you explicitly allow. Instant clone wipe with one click — no traces left.

AI STUDIO

Best Friend AI

An AI friend who never leaves — listens, advises, motivates. It learns your personality and replies personally, not generically. Available 24/7 in 30 languages, including Slovak and Hungarian. Conversations are private and never used to train models. Remembers your birthdays, goals and favorite topics. Helps with loneliness, conflicts and daily dilemmas. Optional voice mode with natural tone and emotion. No subscription required — core features are free.

AI STUDIO

Online Therapist

AI mental-health companion available 24/7, no appointments. Helps with anxiety, stress, relationships and daily struggles. For serious cases it connects you with a verified human therapist. Fully anonymous and encrypted — no trace in your medical record. CBT techniques, mindfulness and breathing exercises right in the app. 24/7 crisis line with a human specialist for urgent cases. Mood and sleep tracking with recommendations. Your health is yours alone — data is never sold.

AI STUDIO

Dream Journal

Record your dreams each morning by voice or text — AI analyzes them instantly. It finds recurring motifs, symbols and possible meanings. Tracks patterns over time and flags shifts in your mental state. Beautiful visualizations of your dreams can be downloaded as art. A symbol library grounded in Jungian psychology. Optional lucid-dream cues via subtle sound prompts. Share interesting dreams anonymously with the community. Your dreams stay yours — end-to-end encryption protects privacy.

AI STUDIO

Astrology

Personalized horoscope, numerology and compatibility readings. AI computes exact constellations for your birth date and location. Daily, weekly and yearly forecasts straight to your phone. Beautiful natal charts can be shared or printed. Real-time planet transits with explanations for beginners and pros. Synastry — compatibility with a partner, coworker or friend. A lunar calendar for meditation, rituals or planning. Deep insights from both Western and Eastern astrology.

AI STUDIO

Pet Translator

AI analyzes the sounds, facial expressions and body language of your pet. Find out if they're hungry, sad, playful or in pain. Works for dogs, cats, birds and small rodents. Side effect: deeper understanding and a stronger bond. A pet mood diary with charts for the vet. Early health alerts based on behavior changes. Tips and training videos for your pet's specific breed. A community of animal lovers shares experience and photos.

AI STUDIO

Brand Builder

Build a pro brand identity in minutes — logo, palettes, fonts, mockups. AI suggests names, slogans and a visual style based on your brand strategy. Export everything in print-ready and web quality. Perfect for startups, freelancers and small businesses. Domain and EU trademark availability checks built in. Templates for social media, business cards and presentations. A brand-voice generator for consistent communication. Full IP rights — everything you make is yours.

DATING

Dating

Find partners, friends or someone with shared interests across the EU. The algorithm matches on personality, values and goals — not just photos. ID verification protects against bots and scammers. No in-app fees for core features — searching is free forever. Detailed filters by interests, education, languages and lifestyle. Safe first-meet tips and panic buttons. Ice-breaker games for relaxed conversation. We never sell your data — period.

DATING

Anonymous Date

Meet people without photos first — voice, personality and humor lead. Gradual reveal ensures you bond on more than looks. Safe, encrypted conversations you can end anytime. Great for introverts and anyone tired of endless swiping. Voice notes and text prompts before any photo. A daily-question feature gets conversations flowing naturally. Mutual consent before face reveal — zero pressure. Fully anonymous profile with screenshot blocking.

SPORTS MANAGER

Football Manager

Create your own football club and manage it to the top leagues. Buy players, run tactics, build stadiums and generate revenue. Play against real users in an EU-wide competition. Top managers earn real cash rewards each season. Detailed transfer market with realistic prices and contracts. A training center for developing young talent. Sponsorship deals, fan clubs and merch stores. Live match commentary in your native language.

Custom jerseys, logos and fan campaigns. Full club economy: tickets, betting and sponsorship deals.

SPORTS MANAGER

Basketball Arena

Full basketball league with training, transfers and playoff matches. Choose your style — fast pick-and-roll or defensive grit. Track club economics, salaries and sponsor deals. The path from regional league to the global finals takes weeks, not years. Detailed real-time stats for every player. An assistant coach helps with key in-game decisions. Dynamic team morale affects performance. EU leaderboard with a €50,000 seasonal prize pool.

SPORTS MANAGER

Tennis Arena

Train players, pick gear and send them to tournaments from challengers to Grand Slams. Realistic ATP/WTB rankings you climb week by week. Manage fitness, form and mindset — fatigue affects performance. Win all four Grand Slams to enter the Hall of Fame. Specialist coaches for clay, grass and hard court. Sponsorship deals, media training and fan-club management. Real-time bets on your own players in in-game currency. The ranking is live — against EU players every day.

SPORTS MANAGER

GP Racing

Build an F1 team from scratch — hire drivers, develop the car, secure sponsors. Realistic physics, weather and tire strategy decide every win. A 24-race season including Monaco, Silverstone and Suzuka. The season champion takes a unique trophy and a top spot on the platform leaderboard. Car development — aero, engine, brakes, gearbox. Driver training in a simulator before real races. Live race commentary with realistic atmosphere. Pit-stop strategy decides if you win or lose.

SPORTS MANAGER

Horse Racing

Train horses, plan races and craft betting strategy in one game. Buy foals, study bloodlines and raise champions. Realistic European racetracks with their own atmosphere. Top horses can be sold on the market for big in-game sums. Veterinary care, custom nutrition and training regimens. Compete in prestige races like Royal Ascot or Prix de l'Arc. Stable economy choices shape your results. A community of racing fans shares tips and strategy.

KIDS & EDUCATION

Kids Coloring

AI generates unlimited coloring pages tailored to each child's age and interests. Princesses, cars, dinosaurs — type the theme and it's ready in a second. Print at home or color directly in-app with finger or stylus. Safe for kids 3+, ad-free and no tracking. Educational pages with numbers, letters and shapes. Seasonal and holiday themed collections. Families can share results or print them as a poster. The finished page can be animated to delight the child.

KIDS & EDUCATION

Virtual Pet

Adopt a virtual pet — dog, cat, dragon or unicorn. Feed, teach tricks, bathe and play every day. Your companion grows, changes look and develops traits based on your care. Teaches kids responsibility before adopting a real animal. AI personality responds to your mood and voice. Mini-games with the pet build fine motor skills. In-game vet visits and health checks. Visit friends' pets in a shared social world.

KIDS & EDUCATION

Kids Academy
